

# SolarEdge Home Ecosystem: Optimized in America

## We are locals

- / Our growing U.S. manufacturing efforts play a vital role in enhancing domestic energy independence and security
- / Enriching the community by bringing U.S. jobs to our facilities
- / Ensuring product availability to avoid project delays and help you go solar faster

## The U.S. Advantage

- / Higher quality and reliability from U.S.-manufacturing, automotive-grade components, and software
- / Better qualified for programs and incentives that help save homeowners money
- / Local SolarEdge experts for support to ensure your system is running smoothly

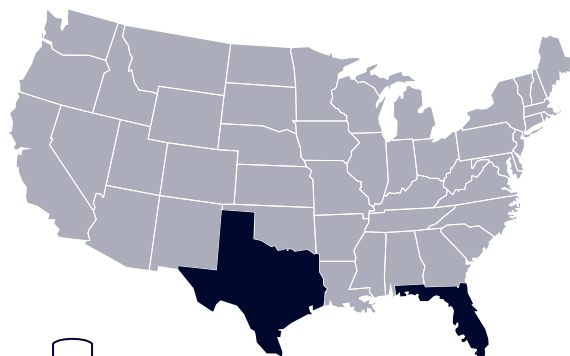

## SolarEdge has production facilities in **Austin, TX and Tampa, FL**

### SolarEdge Home Battery

- / Get up to 10% more energy
- / Offset peak energy rates and use for backup power in an outage

### SolarEdge Home Hub Inverter

- / Manufactured in **Austin, TX**
- / DC Optimized Technology
- / Fully flexible, 99% efficiency
- / Enhanced quality and reliability, even in extreme conditions

### SolarEdge Power Optimizers

- / Manufactured in **Tampa, FL**
- / Maximize available roof space and mitigate shading concerns
- / More energy production for higher bill offset
- / Track your solar production from one app, mySolarEdge

Go Solar with a Product that's Optimized in the USA
